

ANöjD [uh·noyd] is a band and multimedia project based in Göteborg Sweden, with members from Brazil and Sweden. The name is a mashup of the english word "annoyed" and Swedish "nöjd" (meaning pleased). ANöjDs music can best described as Thrash / Hardrock with influences from a wide range of genres, based on the members past experiences and preferences.

ANöjD was formed in late 2019 by Hasse - guitar and Carlos - vocals & guitar in Hasses livingroom as an outlet for boredom and malcontent. The original idea was just to make few songs but it quickly escalated to an full album (Musickness), recorded in Hasses livingroom.

In spring 2020 they recruited Alfredo "Fred" M R Souza – drums and Tomas Reinerson – bass and vocals. As many of the members are working with media it became natural to make use of this knowledge into the band. One example is the "ANöjD Toons" that the band is using for promo of concerts and other events.

The band has just recently participated in two Metal/Rock festivals, Sonder Metal / Mexico March 20 – 21 and Festival Pinar Rock / Cuba March 26 – 28, the cuba festival was also broadcasted on Cuban TV.
